This is the Readme file for the replication files of “Potatoes, Milk, and the Old World Population Boom” by C. Justin Cook. The zipped folder contains:

1. A STATA dta file labeled “pm_nutrition_web.dta” that gives the necessary dataset for Table 1 in the included do-file.
2. A STATA dta file labeled “pm_base_web.dta” that gives the necessary dataset for Tables 2-8 in the included do-file.
3. A STATA do file labeled “pm_web_do.do” that replicates all tables within the paper.

If there are any questions or to request necessary files for the Supplemental Appendix, please contact Justin Cook at cjcook@ssc.wisc.edu.
